# ABOUT US

---

since 1979

Indo Porcelain is one of Asia's leading tableware manufacturers. We are the makers of ZEN, the whitest porcelain ware on the market offering a broad choice of Western and Oriental shapes, glazes and decorations. Additionally, in 2000 we introduced ZEN COLOR; new and exciting colors that offer the most colorful color ranges to our renowned high standards.

We undertake also special commissions and are Original Equipment Manufacturers (OEM) for many of the worlds leading tableware brands.

ZEN, our whitest whiteware is as the name implies the very essence of quiet, timeless elegance, loved by hoteliers, restaurateurs, chefs and discerning buyers, for these very reasons. Culinary presentation is so important and ZEN whiteware makes it look even more appetizing thus adding tremendously to its appeal. The beautiful white hue of ZEN Western and Oriental ware is picture perfect when presenting the culinary delights of inspired chefs to appreciative diners. ZEN COLOR on the other hand will brighten up any table setting.

Choose designs from our complete ranges of tableware. You will find an abundance of shapes, sizes and designs; rimmed or coupe plates; a selection of bowls; can or bowl-shaped tea, coffee and espresso cups. Extensive as the ranges are the designs shown are but a fraction of what is available. If you have any individual requests please email our sales team on the Contact Us page.

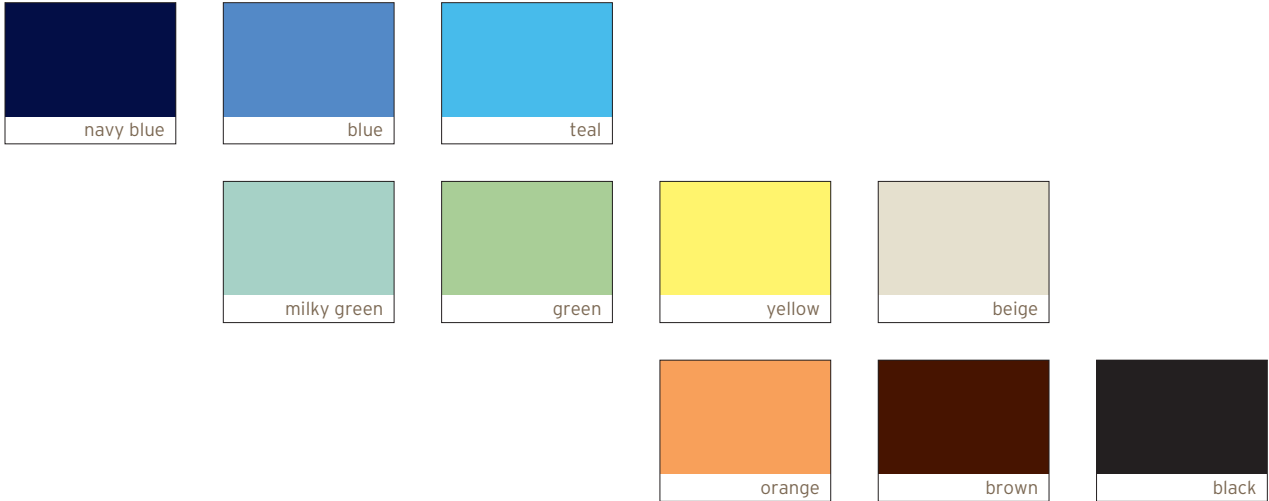

Decorative applications include either traditional, contemporary or modern designs and colored glazes. If you cannot find the exact decoration you desire our design team will create one for you. It is all part of meeting customer needs - our number one priority.

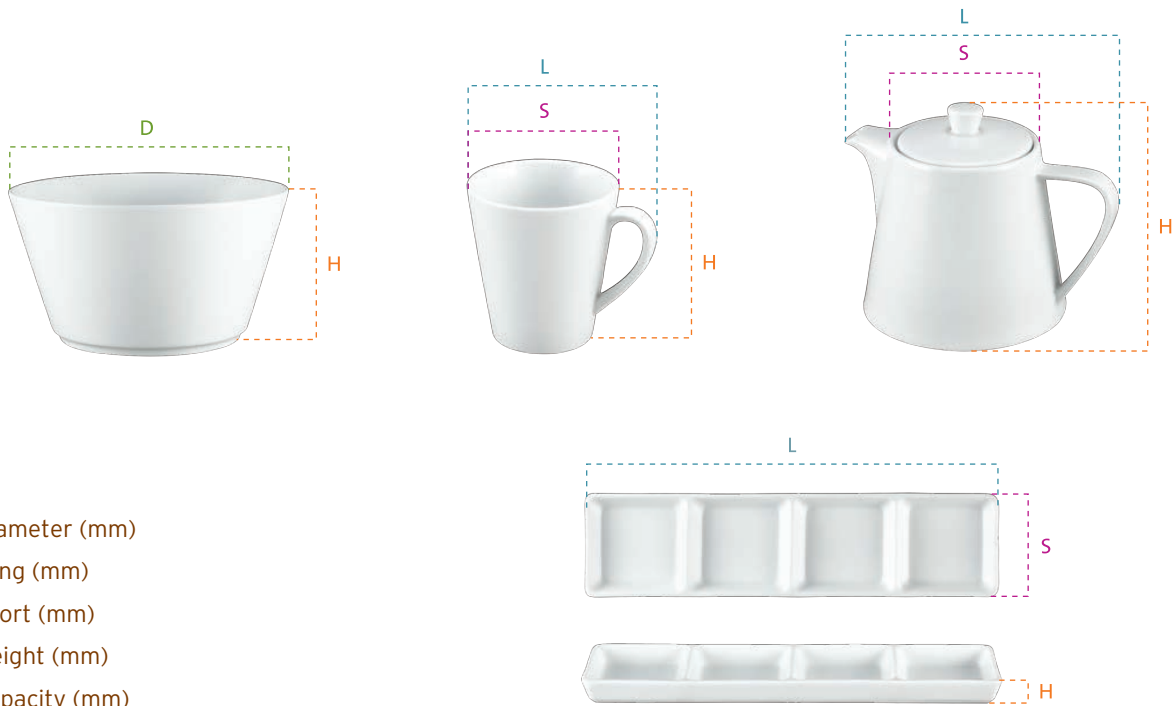

# SPECIFICATIONS

## Line Color Palette

## Measurement Guideline

- D : Diameter (mm)
- L : Long (mm)
- S : Short (mm)
- H : Height (mm)
- C : Capacity (mm)

# PRODUCTION FLOOR

---

During production quality control and consistency are all-important. To maintain our high standards we follow the regulations to the letter. We produce over 1.2 million pieces of porcelain each month on state-of-the-art European and Japanese equipment meeting our clients' exacting requirements. Even having the best equipment in the world is nothing without a skilled and dedicated work force to operate and maintain it. That is how we obtain the high-quality standards and on-time delivery required.

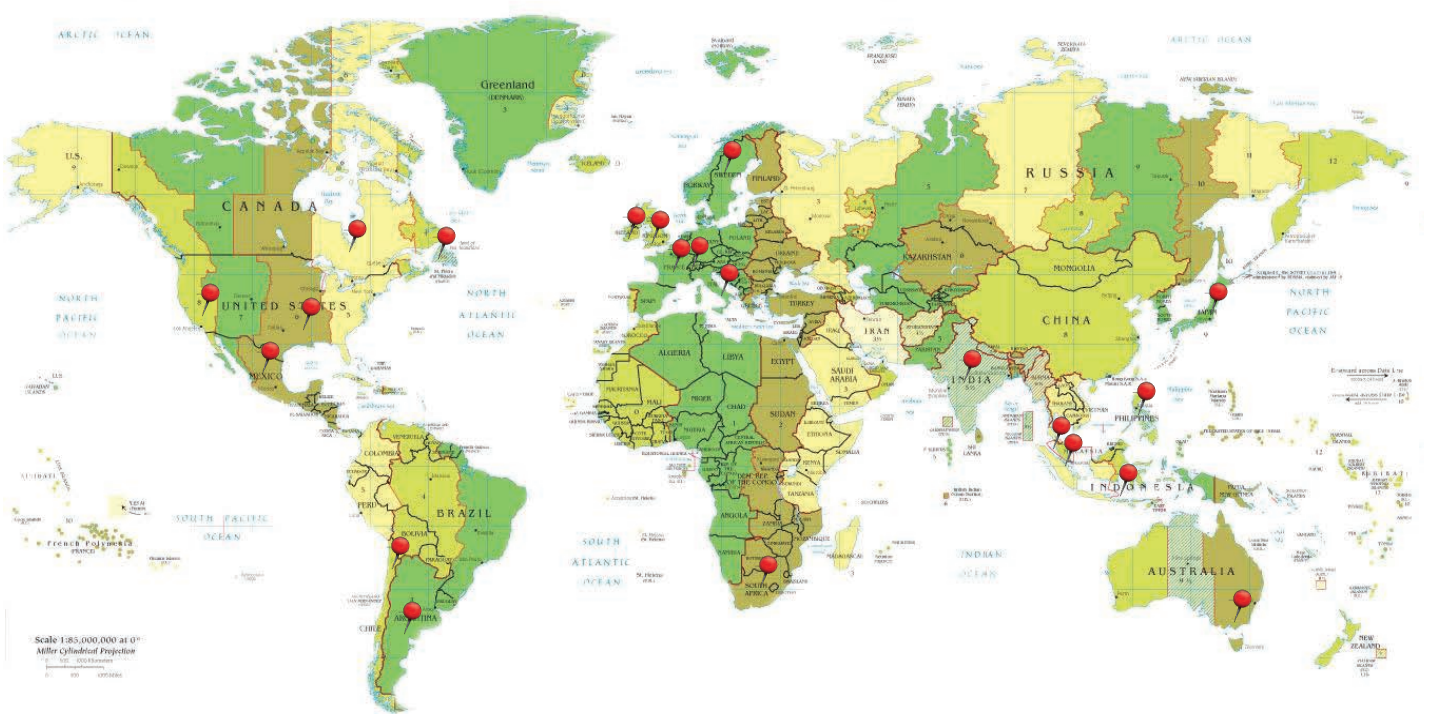

Proof of our production team's diligent efforts is our world standard awards; ISO 14,001:2004, for an environmental management system. ISO 9001:2008 for a quality management system. We also have CT-PAT and SNI certifications. These are all awards of which we are extremely proud.

Enjoy browsing, and if by any chance you don't see what you are looking please do not hesitate to call or email us your requirements.
